EXPLOSION IN COAL MINE

TEN MEN LOSE THEIR LIVES IN
ROCK ISLAND MINES AT HARTS-
HORNE.

CROSSING DEAD LINE CAUSE

This Is Third Largest Disaster in
History of McAlester Mining Dis-
trict.

McAlester, Okla., Oct. 21.—Ten men
are dead, two are injured and one is
missing as a result of an explosion
in mine No. 8, of the Rock Island
Coal Co. near Harts Horne, this morn-
ing. The bodies of the dead were
recovered late today. Among them
was Ben Hughes, the gas man. The
igniting of gas by lamps carried
by some of the men who are supposed
to have passed over the "deadline"
is supposed to be the cause of the
disaster. The dead are:
Joe Solis, John Dondroski, Joe
Zetto, James Totts, Ero Dresdo,
Jack Jacobia, Joe Savago, Dan
Hughes; two unidentified.

Injured—William Frankson, prob-
ably fatal; Jim Johnson, trapper boy,
slightly.
Missing—Tony Orlando.
By reason of the fall of the debris
in the entry where the explosion
occurred, and the condition of the
air, it was difficult to find the bodies
and it was late today before the last
one was recovered.

Probably Crossed "Deadline."
Dan Hughes was the gas man and
fire boss, whose duty it was to visit
all the working places between mid-
night and 7:30 this morning when the
men went to work. It was found he
had "deadlined" entry to No. 11
this morning before the men went
down into the mine. The "deadline"
is a barrel beyond which the men are
warned not to go. It indicates the
presence of gas in dangerous quan-
tities. It is supposed the miners go-
ing to work in this entry ignored the
"deadline" and that an open lamp
carried by one of them ignited the
gas. The fact that Hughes was there
also leads to the belief that he was
there arranging the air courses to
carry out the gas when the miners
fired it by overstepping the line.
(Hughes was alive when taken out,
but never recovered consciousness.)

Mine Inspector There.
Peter Hanratty, state mine inspec-
tor went to the mine as soon as noti-
fied. Tonight he said he would begin
his investigation in the morning and
in the meantime did not want a state-
ment as to the probable cause of the
explosion.
Mine No. 8 is one of the best in the
entire district and is the show place
for visitors, as an ideal mine with
all modern conveniences. Its out-
put is 500 ton per day.

This is the third largest disaster in
the history of the McAlester mining
district. In 1905, in the Degnan mine
at Wilburton, nineteen men were
killed. On August 26, of last year,
twenty-nine men were killed in the
Halley-Ola Mine at Halleyville by an
explosion of oil, and that company
has sued a branch of the Standard
Oil company for \$280,000, claiming
that for lubricating oil they were
sent crude petroleum of a highly in-
flammable nature.

Pitiful Scenes at Mine.
Many of the men killed today were
married and the scenes around the
mine were pitiful as wives, mothers
and children crowded about the bodies
being brought to the surface.

Barring the fall of the roof in the
entry, but little damage was done to
the mine, no fire following the explo-
sion.

The Rock Island company is one of
the largest operators in the McAles-
ter field.

TOC TO COAL COUNTY—COURT

Large Number of Witnesses Leave
This Morning. Trial Set for One
O'clock.

The Impson murder case was set
for Wednesday, and as Judge Rainey
was disqualified to sit on the case,
Judge West came in Wednesday
night and on convening court yester-
day morning the case was called.
An affidavit was filed swearing Judge
West off the bench, but after spend-
ing the day in reviewing the matter
a compromise was had where-
by the case is to be tried before
Judge West by taking it to Coalgate.
So this morning the court and of-
ficials together with the witnesses,

ber will join them at Allen and Citra.

Motions Overruled
A special from Coalgate, as we go
to press, says that Judge West over-
ruled all motions by the counsel
for defense. The main one being to
continue. The grounds of this motion
was that important witnesses were
absent. During the hearing of this
motion, some of the witnesses appear-
ed in the court room and motion was
overruled. The state has just be-
gun examination of jurors and sev-
eral have qualified at this writing.

BAPTISTS TO SPEND \$60,000 FOR MISSIONS

MISSOURI BAPTISTS GAIN 6,000
MEMBERS THROUGH EFFORTS
OF 179 MISSIONARY PASTORS.

William Jewell College Has More
Students Enrolled for the Ministry
Than Any College in America.

Sedalia, Mo., Oct. 20.—At the sec-
ond day's meeting of the Missouri
Baptist General Association, a report
on state missions and Sunday schools,
read by Rev. T. L. West of Carroll-
ton, corresponding secretary, stated
that during the year there were 179
missionary pastors, evangelists and
chapel car workers in Missouri, and
by their efforts 6,000 candidates for
membership had been secured.

At the conclusion of the report it
was voted to recommend to the 1,936
Baptist churches in the state to fur-
nish \$60,000 during the coming year
for the support of mission work,
against \$43,000 during the past year.

The report of the board of trustees
of William Jewell college, read by
Dr. J. E. Cook, treasurer, shows
that William Jewell has been the
college of Missouri Baptists for
seventy years, and has more students
enrolled for the ministry than any
other college in America.

After an address by Dr. J. P. Green,
president of the college, subscriptions
were taken for the support of stu-
dents in the school, averaging \$70
a year for each student, and nearly
\$4,000, or an amount equivalent to
the support of about fifty-five stu-
dents was subscribed.

Rev. E. V. Kyte, St. Louis, read
the reports of the home and fore-
ign missions, which indicated an
increase of over \$20,000 in the treas-
ury during the past year.

The report of S. M. Brown, Kansas
City, chairman of the Missouri Bat-
tist Orphan's Home at St. Louis, and
his request for contributions, re-
sulted in nearly \$1,000 being sub-
scribed.

The Association voted to meet
next year at Nevada, Mo.

LODGES TO BE AMALGAMATED IN 1912

RECOMMENDATIONS MADE BY
JOINT COMMITTEE FROM TWO
JURISDICTIONS.

A Parade in Which 1,500 Odd Fellows
and Rebekahs Participated.

Shawnee, Okla., Oct. 20.—A joint
committee of representatives of the
Oklahoma and Indian Territory juris-
dictions of the Odd Fellows lodge to-
day concluded its deliberations and
recommended that the jurisdictions
be amalgamated in April, 1912.

The morning sessions of the grand
lodges, and the Rebekah assembly

were followed by a parade in which
1,500 Odd Fellows and Rebekahs par-
ticipated. Two floats represented
"The Good Samaritan" and "Our
Duty: Ministering to the Sick." The
members of the Canton degree head-
ed the parade in full regalia.

At the first session of the grand
lodge, held this morning in the
Becker theatre, the credentials and
other committees reported, commit-
tees were organized and other grand
lodge work was taken up, which was
continued at the afternoon session.

Officers will be installed Friday.
The assembly all day considered
assembly matters strictly. Officers
of the assembly will also be installed
Friday.

This evening the Canton degree
was conferred upon a large class
at the Woodman hall, by the team
of Clifton lodge No. 75, of Meeker.

GETTING THE INDIANS LANDS

MISREPRESENTATION AND EVEN
FORGERY IS SAID TO HAVE
BEEN INDULGED IN.

Government May Hear Complaints
from Blaine County. Tom Fern-
son Talks.

Watonga, Okla., Oct. 19.—Com-
plaint probably will be made to the
United States government against
the alleged practice of fraud on the
part of white men in obtaining
lands from Cheyenne and Arapaho
Indians and the government may be
petitioned to make an early investi-
gation. T. B. Ferguson, former ter-
ritorial governor of Oklahoma, says:
"There are numerous cases in
which the Indians have been lied to,
deceived and his land practically
stolen by the land grafters. This
kind of work has been made pos-
sible by the grafters employing edu-
cated Indians to work among the
people of the tribe and induce them
to make contracts with the graft-
ers for the disposal of their lands."

The Grand Leader

That is not all. The educated In-
dian who was used as a tool to rob
his own people has, it is reported,
often fraudulently represented the
uneducated Indian in making the de-
partment at Washington believe that
the Indian wanted to dispose of his
land and that it was his free and
voluntary act.

"It is said that papers have been
forged conveying lands when the
real land owners knew nothing at
all about the transactions. The In-
dian, being unaccustomed to busi-
ness transactions, has been an easy
prey for the land pirates. I don't
believe that the federal government
will let such work go unchallenged.
The one danger is that the matter
may be delayed until it is outlawed
and too late to commence prosecu-
tions. But I do not believe that
if the matter is brought properly
before the government the grafters
will be allowed to continue to rob
the Indians of their lands."

THE JAPANESE IN HAWAII.

Undesirable Labor, But Best to Be
Obtained.

The people of Hawaii—the Ameri-
can people—are not prepossessed
with the wily Jap. This is especially
so since thousands of them recently
went on a strike on the sugar plan-
tations. The feeling toward them was
explained by Mr. C. G. Ballentyne,
general manager of the Honolulu
Street Railway company, who is in
Washington on a vacation.

"It is true that there are agita-
tors among the Japanese strikers,
but it is absolutely wrong to infer
that the trouble has any political
significance," he said.

"We would gladly do without Jap-
anese labor if we could only induce
others to take their places. Our
government is making strenuous ef-
forts to induce European immigration
and has been somewhat successful.
But at present we must take what
labor we can get, and there is
nothing left but Japanese. We don't
want them, but we can't afford to let
our fields go uncultivated on that
account. The Japs do not affiliate
with us and we don't want them
to."

HEALTH HINTS.

By G. T. Howerton,
East Central Normal School.

The open water bucket for drink-
ing water is a bid for bad health.
Besides the disposition water has to
absorb and dissolve the passing un-
clean odors the open bucket may
catch many disease germs in a short
time. Water which tests pure from
a well may, after standing a few
hours in an open bucket, show quite
a change with signs of impurity.
Such a drinking vessel is to say the
least, unreliable. Better have a
close fitting cover for the water
bucket. Or, better still, prepare a
well covered receptacle, for the
drinking water with a faucet at bot-
tom to draw off the water. The ves-
sel from which drinking should never
be left turned up. In fact, place a
fly, the ever present, everywhere fly,
will surely practice his hourly gymnastics
on the rim of that cup from
which you are to drink. He will
alight on the rim, circle the entire
distance, stop and wipe his feet,
then turn and retrace his steps for
fear he has stepped a place, then
clean his hind legs again and de-
part with a satisfied look on his face
that he has done his work well, and
left you no clean spot on the rim of
that vessel from which to drink.
Therefore, the safe rule for the water
vessel from which we drink, is the
same as the rule which Mr. Bryan
and Mr. Taft apply to the banquet
cup, "turn it down."

FOOTBALL GAME AT TISHOMINGO

The Ada Normal Team Meet the
Tishomingo Boys this Afternoon.

The Ada Football team, accom-
panied by Prof. Brooks, left this
morning for Tishomingo where they
will engage in a game this after-
noon.

While our boys are young in ex-
perience, as well as age, they have
the making of winning players, and
when they go against the Tishomingo
team it will be seen that a hard-
fought contest will be the result.

The Normal boys have only played
two games since organization and
both of them were played against
veterans who were in perfect train-
ing. But in this case we predict dif-
ferent results—not that our neigh-
boring team is not a strong one, but
that the experience of the other two
games have given strength to our
boys. The results of the game
could not be had in time for pub-
lication today.

Caught With the Goods.

Two young men, giving their names
as G. W. Cole and Henry Strat,
blew into the City yesterday after-
noon and lounged about town until
night when they took a room at the
rooming house. About 9 o'clock
deputy sheriff Bob Duncan went over
to the same place and went to bed,
but the parties occupying the ad-
joining room kept up so much racket
that he could not go to sleep. After
having waited for an hour or so
to see if things would quiet down—
and they did not—he peeped through
a crack in the partition and saw
that they were gambling. He imme-
diately arrested them and lodged
them in jail for the night. This
morning they were brought before
Justice of the Peace Brown, when
they plead guilty and were fined
\$25.00 each. For lack of sufficient
funds to pay the fines, they were
remanded to jail. At time of going
to press they were endeavoring to
raise money to pay their fines.

Misfortune Indeed.

The two little Dyer boys who have so ill with typhoid fever have been moved to their uncle's, Lewis Cooper, a few miles from town.

This unfortunate family lived on 4th street and Johnston. Four weeks ago the father, Wm. Dyer, who had been lingering with typhoid fever, died and last Sunday the mother was buried, leaving eight children, two of whom were very sick with fever. They were assisted in their distress by sympathizers and yesterday Mr. Lewis moved the two sick ones and two others to his home and an aunt in Fitzhugh is caring for several of the children.

John Ingram, of Enid, on a recent visit to western Oklahoma, was at an Indian settlement twenty miles north of Anadarko, where he says he saw a fullblood Caddo Indian woman who weighs eight hundred pounds. He says she was 7 feet four inches tall, and that in the same locality there is a Caddo man who weighs 650 pounds, which is 1,450 pounds of Indian in two packages.

In the melodrama of the dramatic stage you are lead up to the ground, climate and year—fast. In motion pictures you are taken all the way and witness the finish of the villain. An Italian nobleman attempts to stab an American then tries to escape in his auto; the American is soon in hot pursuit; you see an exciting chase with both autos at top speed. The Italian losing control of his machine goes over a cliff 300 feet high. Action—terrific action in every foot of this picture.

SONGS THAT NEVER WILL BE FORGOTTEN

THE RELIGIOUS FAITH OF THE
WORLD HAVE PRODUCED MANY
BEAUTIFUL LYRICS.

"The Ninety-and-Nine" Overshadow
Them All. Written Under Peculiar
Dramatic Circumstances.

The religious faiths of the world have produced many remarkable and beautiful lyrics, such as Newman's "Lead, Kindly Light," the "Nearer, My God to Thee" of Sarah Flower Adams, and Cowper's "God Moves in a Mysterious Way." Many of these were written under peculiarly dramatic circumstances, as was particularly the case with those by Cowper and John Henry Newman alluded to above.

But wide as has been their use and their application among Christians of all creeds and sects, there is one hymn that overshadows all others, whether we consider its widespread popularity or its wonderful evangelistic power. This hymn is "The Ninety-and-Nine," by the late Ira D. Sankey, long the musical associate of Dwight L. Moody. These two men together were the greatest soul-winners ever known, and the success of their united work was undoubtedly largely traceable to Mr. Sankey's songs in general, and to "The Ninety-and-Nine" in particular. Its unique origin is thus described:

"When leaving Glasgow for Edinburgh with Mr. Moody, Mr. Sankey bought a penny religious paper. Glancing over it as they rode on the cars, his eye fell upon a few verses in the corner of the page. One day they had an unusually impressive meeting in Edinburgh in which Dr. Bonar had spoken on 'The good shepherd.' At the close of the address Mr. Moody beckoned to his partner to sing something appropriate. 'At first he could think of nothing but the third psalm, but that he had sung often; his second thought was to sing the verses he had found in the paper, but how could it be done when he had no tune for them? Then a thought came—to sing the verses before him, touched the keys of the organ, and sang, not knowing where he was going to come out. He finished the first verse amid profound silence. He took a long breath and wondered if he could sing the second

the same way. He tried it and succeeded. After that it was as easy to sing it. When he finished the hymn the meeting was all broken down—throats were crying and ministers were sobbing all around him."

Hundreds were converted then and there, while in subsequent years other thousands of souls were gathered in through the singing of "The Ninety-and-Nine."

Clearly the song was the result of a sudden inspiration so far as its musical setting was concerned. And it may be doubtful if there was ever a similar case of spontaneous and subsequently successful composition.

"The Ninety-and-Nine" literally sang its way around the world. The simple paragraphs of the scripture parable appeals to "all sorts and conditions of men," and the world's hymnology is the richer for that Sunday afternoon inspiration in the Scottish capital which came to Ira D. Sankey.—Exchange.

CONFERENCE PROCEEDINGS.

Second Day's Session Begins with
Increased Attendance.

The conference opened this morning at the hour stated, with president Luton presiding and secretary Shell at his desk.

There are now about one hundred ministers and delegates present looking after the interests of the Methodist Protestant church of the state of Oklahoma.

After roll call the minutes of yesterday's proceedings were read and approved, and the remainder of the morning was spent in hearing reports of the pastors and passing upon their characters.

Last night Rev. W. H. Stephens of Comanche preached to a crowded house. His subject was, "God's call into the Ministry," and was an uplift to those who were fortunate enough to hear it.

Rev. S. J. Oslin, the sweet singer in Israel, is at his best, and it is a veritable treat to hear him.

This morning at 11 o'clock Rev. J. F. Phipps preached to a large audience, and his sermon was well received.

Tonight Rev. J. W. Shell, pastor of Lawton church, and secretary of the conference will preach.

A cordial invitation is extended the citizens to attend the business sessions as well as the preaching services.

400 ACRES OF LAND FOR REFORM SCHOOL

Most of It Is Secured from Indians.
Balance Donated by Mr. Lassater.

Guthrie, Okla., Oct. 20.—Milas Lassater, of Pauls Valley, chairman of the board of control of the reform school, announced that the 400-acre Wynnewood tract had been secured. The building of the school will doubtless soon start.

360 of the 400 acres were secured from full-blood Indians whose restrictions were removed at Washington with the special understanding that the land be deeded the state of Oklahoma for the reform school. The remaining 40 acres were donated by Mr. Lassater, and the deed is now in escrow for the state to be accepted or rejected if another unallotted forty next the railroad is secured. Mr. Lassater made the land donation in order to get work started as soon as possible on the reform school buildings.

ARKANSAS LOSES RATE SUIT

Anti-Trust Law Falls to Apply to
Intrastate Tariff Agreement.

Hot Springs, Ark., Oct. 19.—That the antitrust law of Arkansas does not apply to railroads in making uniform intrastate rates was the decision of Judge Henry Evans of the United States Circuit Court here. The case was that of the state against the Rock-Island and Hot Springs Western railroads, asking more than \$1,000,000 in penalties, because of alleged violations of the antitrust law in an agreement of rates between Little Rock and Hot Springs. Judge Evans dismissed the suits on the ground that the state had repealed part of the law when it created a railroad commission and gave it authority to order the adoption of rates.

INDIANS HAVE ONE MEAL A DAY.

They Are In a Resentful Mood and
About to Disperse.

Helena, Mont., Oct. 20.—If the much needed help for the band of Chippewa Indians, which the Washington dispatches announced had been ordered, does not come soon, the band will be scattered from Dakota to the Pacific coast.

The commandant at Ft. Harrison has received orders to give \$100 worth of supplies to the Indians, but meanwhile the band is restless and are preparing to disperse over the country.

The Indians are in a resentful mood and declare that they have been penned up all summer on promises, and nothing has been done for them, that winter is approaching and they have been able to make absolutely no provision for it.

Their ponies are starved and they themselves secure but one meal a day.

DIES NEXT DAY AFTER MARRIAGE

Oklahoma German Lives Just Long
Enough to Marry Sweetheart of
Forty Years.

Enid, Okla., Oct. 20.—Urey Rothenberg, aged 65 years, who was married here yesterday afternoon, died suddenly of acute indigestion today while the usual German wedding celebration was still in progress.

The wedding of Rothenberg to Corina Gampf was the culmination of a romance begun in Germany forty years ago. They were then engaged, but became separated, and Rothenberg came to America.

The woman, still unmarried, hearing Rothenberg was in Oklahoma, wrote to postmasters throughout the State, finally locating him here. The former passion was rekindled and Rothenberg sent money to Germany several weeks ago for her to come here. They were married upon her arrival.

Her anticipated happiness changed to mourning among strangers, with no relatives of either in this country. Burial will be made here, and the widowed bride will return to Germany.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & Co., Toledo, O.

Notice Truck Growers

The Pontotoc County Truck and Fruit Growers Association will meet at the 25,000 Club rooms Saturday, October 30. This will be an important meeting, as plans for the coming crop season will be discussed. The idea that one must grow what he is directed is false; so it is hoped that those who have had that impression will not stay out of the movement. The motto is: "Co-operation, both in seed buying, planting and marketing."

Come to the meeting and become better acquainted with its purposes.
